1) waiting for response from Noel
2) if hard card not ready yet, then let me know when it will be fill out.
Thanks
Diana

Hi Diana,

I will leave the original hard card for Lots 9 and 10 (Lot 11 is not ready) for your signature in your inbox this morning. FYI, its not fully filled out because we are still waiting for the dates of the grading schedule as we are still probably a couple weeks from permit issuance.

Thanks

Hi Camille

What is the Planning /Building Case number? Please put the hardcard in my inbox and I'll stop over afterwards to sign off.

Noel

Can you schedule trucks between 9 AM and 2 PM M-F? There are two schools – one elementary school near Bunker Hill and the preschool on Lexington at the rec center. From 2:30-3:30 the middle school and high school parents go pick up their kids. Afternoon traffic not as bad on Ticonderoga as they can detour to Bunker Hill from the apartments belowif you extend to 5 PM then I'll need advance signage.

Let me know what works.

Thanks

Diana

Hi Diana,

Good to hear the bond issue has been resolved. Can you review the attached Transportation Plan and see my questions regarding Ticonderoga.

If you approve, just let me know if I can sign off for DPW on the Grading Permit Hard Card (hard copy).

They will also need an encroachment permit.

Thank you!

Hi Diana,

Chamberlain will be starting construction of Lots 9-11 (at end of Cowpens and Cobblehill) within the next month or so. Please see attached Transportation Plan.

Is it ok that grading trucks will be using Ticonderoga? They are prohibited from using De Anza by the City of San Mateo.

Approximate number of truckloads are 67 for import and 80 for off haul.

Thanks

Subject: Grading Schedule

Hi Noel,

Per Condition 24, please also include:

- export site(s)
- size of trucks
- time and frequency of haul trips
- when landscaping will occur

We already have the haul route (attached), which I am running by DPW. We realize that start date is to be determined closer to the time the permits are ready to issue.

Thanks!

Hi Guys,

Please find attached my tentative grading schedule for Highlands. Please review at your earliest convenience and let me know your thoughts.

Thanks,

Noel
